

Sorry Day 2022 Flower Printable. Print this template and write, colour, or create your own unique commemorative flower as a symbol of support for our Stolen Generations. Cut out your decorated flower and mount it on a paddle pop stick or small stick and bring it along on Sorry Day to add to the commemorative garden.

The five-petal Native Cotton, Desert Rose, or Native Hibiscus as we know it, is recognised by the National Stolen Generations Alliance as the official symbol for Sorry Day. This purple flower can be found all over Australia. It was chosen by members to symbolise the Stolen Generations resilience and survivor instinct with the colour denoting compassion and spiritual healing.
